

NGORONGORO DAY TRIP

ITINERARY

Morning pickup at 6:00am from your hotel and drive to Ngorongoro Conservation Area with packed lunch. On arrival we descend into the crater for game viewing.

Ngorongoro Crater is accessible throughout the year and it's near Arusha. By road it takes 3hrs (190km) to Arusha.

The main feature of the Ngorongoro Conservation Area (NCA) is the crater, a large unbroken, unflooded volcanic caldera. The crater formed when a giant volcano exploded and collapsed on itself some two to three million years ago. It's 610 m (2,000 ft.) deep and its floor covers 260 km² (100 square meters). Estimates of the height of the original volcano range from fifteen to nineteen thousand feet (4,500 to 5,800 meters) high. The crater is famous for the big 5 animals (Lion, Elephants, Rhino, Leopard, and Buffalo). Other animals you will see are Zebras, Gazelle, Wildebeest, Impalas, Hippos and different species of birds.

You will stop for Lunch in the afternoon and then continue game viewing till late afternoon 3:30pm when you will depart back to Arusha.
