# Explore the deep in the

The archipelago of islands off the coast of Tanzania and Zanzibar, in the Indian Ocean, are surrounded by coral reefs and are home to an amazing array of wildlife and unique ecosystems.

# Islands

CIRCUIT

# Zanzibar

## Island

Zanzibar is one of the most beautiful and exotic island destinations in Africa. Many visitors on safari add an excursion to the white sandy beaches of Zanzibar to complete their safari. East Zanzibar's coastline offers some of the best beaches in the World.

# Pemba

## Island

Located about 80km from Zanzibar Island and about 80km east of Tanga on the Tanzanian mainland. Its dense and lush vegetation makes it different from the other islands. The coral reefs surrounding the island protect a massive amount of marine species offering one of the best diving spots in the World.

# Mafia Island

It's a 30 minute flight south of Zanzibar.  
Is the perfect destination for the adventurous traveler that wants an active vacation of fishing and snorkeling.

# Prison Island

Known as **Changuu** Island, with excellent spots for snorkelling, a natural trail, small beach and the unusual attraction of a sanctuary for giant tortoises.

# Bawe Island

The island was used to anchor the first telegraph cables to **Zanzibar** linking it to Aden, South Africa and the Seychelles. The beach has some unusual stone formations. Snorkelling is the main activity for its beautiful reef..

# Chapwani Island

This private island has a beautiful white sandy beach and a small population of **dik diks** (a type of miniature antelope) and interesting birdlife for birdwatching.
